

## OFFICE DEPOT DISCOUNT PROGRAM FOR KAM MEMBERS

To Our Valued Member:

The Kentucky Association of Manufacturing (KAM) continuously looks for ways to serve you, our member, and what better way than to help you save money?

KAM has partnered with Office Depot Business Services Division to provide you with an **exclusive** Office Depot discount, with an extraordinary savings opportunity. This is a **FREE** benefit of your KAM membership. You can use this discount card for both for your business and personal purchases and extend the offer to your employees as well!

The average business can save \$150 per employee annually on office supplies by participating in the program, and it's one more perk you can provide your employees, compliments of KAM.

I've attached your Office Depot Store Purchasing card, which is active and ready to be used in any Office Depot Retail Superstore. To get the program discounts (up to 90% on some items), simply swipe your card at the register. The total can then be paid separately by cash, check, debit or credit card, or you may qualify to be invoiced for store purchases. The card may also be tied to an online account for easy transactions out of store.

**Remember to offer this benefit to your employees** so that they, too, may enjoy discounts on personal Office Depot purchases, such as school supplies or home office items. The KAM discount applies to office supply items, copy, print and finishing services, furniture and more!

To request cards for your employees or to learn more about this and other member savings programs from KAM, please contact Karen Ellis at 502.352.2485 or [k.ellis@KAM.us.com](mailto:k.ellis@KAM.us.com).
